

First Reconciliation Lamb

This is a simple project for a lamb that your child will need on the day of First Reconciliation. We are asking that you simply supervise this activity, not do it.

- Please help your child mount this pattern onto white construction paper, and then cut it out.
- To give the “lamb” a woolly look, have him/her glue cotton balls or white yarn over the body.
- When that is completed, have your son/daughter write his/her name (first and last) on a gummed label and stick it onto the lamb’s body.
- **BRING THE LAMB to FIRST RECONCILIATION.**
