A PATH TO ↓
ADDICTION

Many people turn to heroin after "liking" the feeling of prescription pain killers or opiates such as OxyContin and Percocet.

"We are a society that does not want pain and wants something to 'fix it.' You have dental work or a car accident and you receive pain pills,

" This is where heroin addiction begins."

"Those pills are pill heroin," said Lewicki."

"You have 30 bags of heroin in your medicine cabinet."
